

6th European Panel Products Symposium

9, 10, 11 October 2002

Table of Contents

Keynote Address:

Some Past and Future “New” Trends in Adhesives for Wood Panel Products:	1
<i>A Pizzi</i>	

Session 1: Fundamental Properties

Relationships between Wood Quality, Refiner Pressure, and Resin Distribution and their Influence on MDF Panel Properties:	23
<i>L Groom, C-L So, T Rials, J Neese and J Alexander</i>	
Influence of the Fibre Pulping Conditions and the Resin Type on the Weathering Resistance of MDF in Exterior Use:	38
<i>D Krug and S Tobisch</i>	
Interaction of Wax and UF Resin in MDF: Qualitative Analysis of the Relationships between Wax and Resin on MDF Fibre:	51
<i>A Thumm and W Grigsby</i>	
The Effects of Veneer Drying Temperature on Wettability, Surface Roughness and some Properties of Plywood:	60
<i>İ Aydın and G Çolakoğlu</i>	
Non-destructive System for Stress Determination for Long Term Creep Loading of Wood Based Panels:	70
<i>P Bonfield, M Fan, V Kearley and I Rochester</i>	

Session 2: New Products

Panel Products - A Furniture Manufacturer’s Perspective:	85
<i>E Thacker</i>	
The Future Of Long Strand Reconstituted Lumber:	94
<i>GA Sanderson</i>	
3D Engineered Fiberboard: A New Structural Building Product:	106
<i>JF Hunt and JE Winandy</i>	
Natural Fibre Reinforced Polypropylene Composites: Assessing the Potential of Hemp and TMP Fibre:	118
<i>M Spear, C Hill and J Tomkinson</i>	

A Web-Based Problem Solving Environment for Wood-Based Composite Applications:	130
--	-----

F Kamke, L Watson, B Zombori and J Shu

Day 2 Keynote Address:

Atlantic Crossings: A Short History of Oriented Strand Board:	141
---	-----

D Flett

Session 3: Environmental and Process Control

Wood Residues Footprint for the M62 Corridor (West):	149
--	-----

G Mayhead and S Riddiough

A Sampling Protocol for the Determination of Contaminant Levels in Wood Raw Materials and Finished Board Products:	154
--	-----

M Irle and G Ormondroyd

Wood Panel Recycling: An Introduction to the Fibresolve Process:	159
--	-----

S Riddiough

On-Line Monitoring Of Fiber Quality in the MDF Process:	167
---	-----

J Carlsson, M Mathiasson and J Goeminne

Advances and Experiences in Wood Pulp Effluent Treatment and Recovery:	178
--	-----

J Marchant and D Chabba

A New Method for the Assessment of Fibre Properties and Optimisation of Refining Parameters in MDF Manufacture:	186
---	-----

G Goroyias and E McCarthy

Product And Process Improvements Through Mat Spray Application:	198
---	-----

K Godber, J Würtz and A Kjeld

Innovative Process Control Technology for Production Facilities:	206
--	-----

A Lingen, G Bernardy and T Sandweg

Real-Time Modeling of the Internal Bond of Medium Density Fiberboard (MDF) using Commercial Software and Database Platforms:	220
--	-----

T Young

TECO's Role in the Quality Assurance of Wood-Based Structural-Use Panels:	221
---	-----

S Winistorfer and R Fendley

Day 3 Keynote Address:

Sustainability – What it means for the Wood Based Panels Sector: <i>P Bonfield</i>	227
---	-----

Session 4: Resins

Buffer Upgrading of MUF Panel Adhesives at Lower Melamine Content: <i>M Zanetti and A Pizzi</i>	231
Reactivity of Amino Resins for Wood Based Panels: <i>W Kantner, U Weber, J Mijatovic and M Dunky</i>	249
Update of Potential Bioresins for the Panel Products Industry: <i>J Tomkinson</i>	256

Technical Presentation Forum

Bonding Efficiency of UF and EMDI Bonded Particleboards as Affected by Platen Temperature: <i>A Papadopoulos and I Kakaras</i>	T-1
Formaldehyde and Volatile Acetic Acid Emission of Plywood Treated with Ammonium Acetate: <i>S Colak, G Colakoglu, H Testereci and I Aydin</i>	T-4
Modifying Plywood Raw Materials for a Stable, Fire Resistant Product: <i>D Jones, B Tjeerdsma, M van der Zee and W Homan</i>	T-10
The Effect of Drying Temperature of Wood Chips on the Internal Bond Strength of Particleboard <i>I Kakaras and A Papadopoulos</i>	T-18
Adsorption of Calcium, and other Cations from a Cement Suspension, on Lignocellulosic Substrates and their Influence on Cement Setting <i>C Pereira, F Jorge, M Irle and J Ferreira</i>	T-21
