

IPPS 2025

The leading technical conference in wood based panels and novel panel products.

The BioComposites Centre are pleased to invite you to IPPS 2025. This year the conference will be held on **1st and 2nd October** at the Imperial Hotel in Llandudno. The call for papers is now open.

IPPS 2025 will present a wide range of research in wood based panels, and plenty of chances to tap into industrial expertise through networking.

For more information about the event, to join our mailing list or to discuss sponsorship options, see www.bc.bangor.ac.uk/ipps/ or contact us on ipps@bangor.ac.uk

International Panel Products Symposium: 1-2nd Oct 2025, Llandudno, Wales

The conference attracts a wide audience from across the globe, and both academic and industrial delegates. You can expect world-class research presentations, plenty of lively discussions, industry insights, networking opportunities, friendly staff and what we like to think of as one of the most fun and inclusive conference dinners!

Join us at IPPS 2025 to network, get up to date and find inspiration. We enjoy discussing the state of the art and the art of the possible.

Interested in presenting a paper at this year's conference? The editorial team will be pleased to receive abstracts for papers and poster presentations in the following areas:

- Composition modelling, visualization and microstructure
- Panel performance, durability and weathering
- Bio-based resins, resin design for circular economy
- Innovation in wood based panels including: OSB, fibre based insulation materials, plywood, and lightweight panels
- Recycled and novel fibrous feedstocks
- Processing technologies, fractionation, recycling and cleaning
- Modification, pre-treatments and property enhancement
- VOC scavenging and indoor air quality

Abstracts should be up to 600 words in length, and received by 2nd May 2025. Oral presentations will be presented in English and a paper included in the conference proceedings if received before 18th July 2025. Poster presentations are also welcomed.

Abstracts can be sent by email to ipps@bangor.ac.uk or contact **Morwenna Spear, IPPS 2025, The BioComposites Centre, Bangor University, Deiniol Road, Bangor, LL57 2UW.**
