

International Panel Products Symposium 2023

The leading technical conference in wood based panels and novel panel products

The BioComposites Centre are pleased to announce the return of the International Panel Products Symposium (IPPS 2023). The conference will be held in The Imperial Hotel, Llandudno on 3rd and 4th October 2023. The call for papers is now open.

After a three-year break due to Covid-19 the organising team look forward to welcoming both seasoned IPPS delegates and people new to the sector and/or the conference to the delightful Victorian seaside town of Llandudno.

You can expect world-class research presentations, plenty of lively discussions, industry insights, networking opportunities, friendly staff and what we like to think of as one of the most fun and inclusive conference dinners!

For more information about the event visit www.ipps.uk.com

To join our mailing list or to discuss sponsorship options, contact us on ipps@bangor.ac.uk

The BioComposites Centre staff running the event would like to thank Hywax, CRC and MDF Recovery for their sponsorship and Wood-Based Panels International for their ongoing support. Further sponsorship opportunities are available please contact the conference organiser for more information.

International Panel Products Symposium 2023

3-4th October 2023, Llandudno, Wales, UK

IPPS 2023 will present a wide range of research in wood based panels, including particleboard, OSB, MDF, plywood and innovative products. This year we will also feature a circular economy theme – addressing the role of the sector in the transition to a more sustainable society through low embodied carbon materials, recycling and materials efficiency.

The conference attracts a wide audience from across the globe, and both academic and industrial delegates. Industrial expertise and new products in development always feature highly. Join us at IPPS 2023 to network, get up to date and find inspiration from discussing the state of the art and the art of the possible.

Call for papers

Are you interested in presenting a paper at this year's conference? The editorial team will be pleased to receive abstracts for papers and poster presentations in the following areas:

- Recycling and cascading uses of biomass materials
- The circular economy and route to net zero
- Resin systems and bio-based resins
- Fire retardants, additives and preservative treatments
- Indoor air quality and legislation for emissions in service
- Innovation in wood-based panels including: OSB, fibre-based insulation materials, softboards, HDF and lightweight panels
- Panel performance
- Processing technologies and pre-treatments
- Visualization and analytical techniques

Abstracts should be up to 600 words in length and received by 17th March 2023. Oral presentations will be presented in English and a paper included in the conference proceedings if received before 7th July 2023. Poster presentations are also welcomed.

Abstracts can be sent to **The Conference Organiser, IPPS 2023, The BioComposites Centre, Deiniol Road, Bangor, LL57 2UW**. Alternatively email your abstract to ipps@bangor.ac.uk
